

# Investing for Success

**Under this agreement for 2018  
Bedourie State School will receive**

**\$6,645\***

## This funding will be used to:

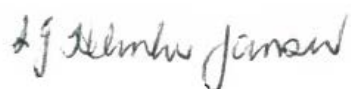

- ensure that 100% of students in Years 3 and 5 meet the National Minimum Standards (NMS) in NAPLAN testing for Literacy and Numeracy in 2018-2019
- ensure that 100% of all students in Prep to Year 6 achieve a 'C' or higher in English and Mathematics for 2018
- ensure all students are provided with opportunities to participate in STEM related activities.

## Our initiatives include:

- working collaboratively with the Outback Advantage Small Schools Cluster to increase teachers' knowledge of the Australian Curriculum and how to teach it with integrity using the C2C units as a guide and across multi-age groups
- monitoring and reviewing student performance in both Numeracy and Literacy to both provide feedback and track improvement, via weekly reports, five-weekly data cycles and term by term analysis
- identifying students 'at risk' of achieving under NMS or below a 'C' in English and Maths and developing an individual plan incorporating specific areas needing development and building upon strengths based upon the achievement standards of the Australian Curriculum, stating pedagogy needed to reach targets
- building teacher capability to plan differentiated lessons and embed sound pedagogical practices to improve learning, particularly in Mathematics
- developing the expertise of staff in relation to STEM within the Outback Advantage Cluster and participation in the STEM Pilot Project.

## Our school will improve student outcomes by:

- providing focused professional development programs for staff to build capability to address and enhance Literacy and Numeracy concepts and programs – in particular, Numeracy and STEM
- using additional teacher aide hours to target intervention and provide additional support to students to access whole school Literacy and Numeracy programs
- purchasing additional Literacy, Numeracy and STEM resources to support whole school programs and student needs.

**Leanne Hohnke-Jansen**  
Principal  
Bedourie State School

**Patrea Walton**  
A/Director-General  
Department of Education

\* Funding amount estimated on 2017 data. Actual funding will be determined after 2018 enrolment data are finalised.
